Bond *Ibrik Coffee*

Elevate Tradition, Brew with Precision

Designer of this series:

Pierre de Chanterac

Pierre is the World Champion of Cezve / Ibrik Championship by WBC in 2023. In addition, he has 2 times brewers cup champ, 1 time aeropress champ & Q arabica grader.

Passionate about quality, sensory and origin. Currently, he lives in Paris and is Head of coffee in a specialty coffee roastery.

About this collection:

In the pursue of making the best ibrik possible, Pierre couldn't find a cup that matches all the technical criteria, while being modern in approach and beautiful.

Ibrik or czeve is often associated with traditional equipment, shapes and designs. Pierre has been playing with this method enough to know that it offers outstanding and refreshing results. He unlocks this potential for the cup that everyone could embrace to discover what specialty ibrik is about.

So Pierre connected with us with this challenging idea : to craft a modern, specialty driven ibrik cup. By playing with its shape, thickness and aesthetics, we managed to add a new dimension of what a modern Ibrik coffee can actually taste like.

Special Features:

Shape

The wider opening enables the coffee grounds to sink at the bottom of the cup and to remain well settled. The waves offer an extra layer of care to ensure a clean cup.

Size

With its 110ml capacity, you can expect from 7 to 9 sips. Perfect for a classic Ibrik.

Thickness

The thick walls help to absorb part of the heat quickly. The coffee reaches a palatable hot temperature around 3 to 4 minutes.

Texture & Colour

The cup has a silky and smooth texture in pastel colours, that help with the perception of sweet flavours.
