Deco

Engineered for Efficiency

Designer of this series:
Simon Stevens

Simon Stevens is an award winning product designer and a driving force in ceramic design. Simon has worked with some of World's most prestigious ceramic manufacturers and has taught and lectured on the subject throughout the UK. He has headed up Design Teams for lifestyle brands and now continues his design career in the established Simon Stevens Design Studio based in London. Simon's dynamic creativity resulted in his most successful designs being in the permanent collections of the Victoria & Albert Museum and the Frankfurt Museum of Applied Art.

About this collection:

The Deco Cup concept evolved from first principles. We wanted the collection to add a new benefit to the traditional idea of the stacking cup. We wanted each cup to not only stack with itself but for ultimate stack-ability stack with all the other cups in the collection. The design of the base of each cup would therefore need to accommodate a location point for the varying diameters of all the cups and the 'step' aesthetic of the Deco cup naturally emerged.

This innovative four-step base design has been meticulously engineered to allow each cup to stack securely on top of one another saving space and adding a touch of elegance to your coffee station and in addition there is an accompanying metal rack to ensure that your cups are stored away neatly.

- 60ml: Ideal for espresso.
- 120ml: Perfect for a classic cortado or flat white.
- 165ml: Great for cappuccinos and small lattes.
- 200ml (no handle): A sleek option for specialty brews, plus a perfect cupping bowl.
- 220ml: For larger lattes or filter coffees.

220ml works with 14cm saucer, 120ml, 165ml and 200ml works with 13cm saucer, 60ml works with 12.5cm saucer.

Safety		Customisation:	Material:

Vintage Inspired

With the development of advanced automatic machines and auto brewers, we thought we would bring back the vintage vibe, with a specialty touch.

Special Features:

Patent Design
Unique stepped bases allow secure stacking across sizes, minimizing footprint.

Handpainted
Skilled painters with a crafted finishing. Shows the artist side in a highly engineered product.

Artful Base
Exposed glaze breaks transform a practical feature into a decorative statement.

Expandable
Modular accessory fits auto-machines, elevating efficiency in high-volume environments.
