mineral colours

new matte glazes inspired by nature

Inspired by 5 natural habitats during our travels, we decide to dedicate the new 5 colours to natural habitats. Feature 5 new glazes in earthy, neutral tone, they would compliment interior trends of 2023 with ease.

The 5 new colours are made in the same, uber durable Loveramics body.

2023
NEW GLAZE

5 new potters colours in matte reactive glaze provides a different look to our existing range. They are also sought after colours for the latest interior design trends.

5 sizes available for you to prepare every perfect brew.

featuring a natural colour tone in matte, the runny nature of the colours make every piece unique. They are all microwave, dishwasher, freezer and oven safe.

a functional round base, it could help to create turbulence when brewing so as to enhance the aromas and tastes of coffee to a perfect balance.

what are potters colours?

They are made out of 2 or more types of glazes together. Because they all have different properties, such as flow rate, melting temperature and colours, particularly the workmanship of hand-dipping, they all look slightly varied.

These are effects we highly prized, from every crystal growth, speckling spots, layering and flow separation, we are proud of the artisanal look we offer.

LOVERAMICS

Latte Art Set

Loveramics collaborates with WPM to create this limited Latte Art Set. Features 1 x Egg 300ml Cup and Saucer in never released before. The cup is gifted with a WPM pitcher of matching colour, the Army Green.

Apart from Home Coffee Machines, WPM makes pitchers loved by latte artists around the world, they are often seen in competitions. Both of us are Hong Kong based companies, and so we decide to crossover on this special set. The colours are food grade and comes in good durability.
