*Infusing Perfection, One Sip At A Time.*

Designer of this series:  
**Simon Stevens**

Simon Stevens is an award winning product designer and a driving force in ceramic design. Simon has worked with some of World's most prestigious ceramic manufacturers and has taught and lectured on the subject throughout the UK. He has headed up Design Teams for lifestyle brands and now continues his design career in the established Simon Stevens Design Studio based in London. Simon's dynamic creativity resulted in his most successful designs being in the permanent collections of the Victoria & Albert Museum and the Frankfurt Museum of Applied Art.

## About this collection:

Our mission is to bring the joy of tea to tea lovers all over the world. We understand that everyone has their own unique preferences when it comes to tea, whether it's Chinese Pu-er, or English Breakfast. That's why we created the Pro Tea Collection, so you can easily and simply enjoy your favorite teas, whether you're brewing for one, two, or three people.

Our Pro Tea Collection features high-quality, stainless steel infusers that make brewing loose leaf tea a breeze. Unlike most pots, our infusers are designed to sit between the lid and the pot, providing a more efficient and convenient brewing experience. Plus, our special design allows the infuser to be used separately, with or without the pot, giving you the flexibility to use tea bags if you prefer.

The new version of our Pro Tea Collection comes in three beautiful colors, including the new addition of an artisanal, sandy cream color. It still boasts all the same great features as its predecessor, but with a solid lid for a more contemporary look. At Loveramics, we are dedicated to providing you with the best tea brewing experience possible, and we believe our Pro Tea Collection is the perfect way to do just that.
