

A photograph of the Urban Glass collection on a wooden table. The collection includes two tall, clear glass carafes with black lids, several black tumblers of different sizes, and several clear glasses of different shapes. A small white card with the text 'Urban Glass' and a list of items is visible in the background. The text 'urban glass' is overlaid in a large, white, sans-serif font.

urban glass

Urban glass is a universal, all purpose glassware collection. Available in 2 minimalistic styles in narrow tumblers, and twisted glass.

The smart carafe is a daily essential that compliments the glassware well.

The image features a collection of clear glass cups with a faceted, 'twisted' design. They are arranged on a light-colored, neutral-toned surface. The cups vary in size, from small shot glasses to larger latte glasses. The lighting is soft and even, highlighting the facets and transparency of the glass. The overall aesthetic is clean and modern.
